“ *So sorry for your loss. I met Barb at Blue Cross. We started at the same time. And went through Processing training together. And became good friends. We sometimes rode to work together. She would drive over here to Greenview and either she or I would drive. After she left Blue Cross kind of lost touch with one another. And I regret that. She was a very nice person and I am glad that I got to know her. I just today read where she passed away. My thoughts are with all of you. God Bless.*

“Nathan, Jeremy, and Matthew - life took all of us in different directions! But, I definitely have a lot of good weekend memories with your Mom that spans over several years. I can only hope that all of you look back on those weekends and can smile as I always do. I would see your Mom from time-to-time at the grocery store in Petersburg and we would do a catch up on the kids talk and then move on with our shopping and a take care until we meet in here again! I want all of you to know you have been in my thoughts and prayers since I first saw the obits in the SJR. I will be keeping all of you and your families in my prayers for you as you cope with what will be one of the most difficult times in your life. Let there be peace with all of you - Connie Clark

“Barb was my friend, a reconnected friend from Porta schools. We rode the bus together and had classes together. French class was especially memorable with her!! This past year we FB'd messages, texted and talked on the phone for hours. She was smart, funny and very kind. I was blessed to be a part of her life again. I will always cherish the loving friendship we had and I will miss her greatly. Archie, her sons, grandchildren, nieces, nephews and family, you will be in my thoughts and prayers. I am so sorry for your loss .
