“ So heartbroken for your family. I had the honor of working with Barb for all of my nursing career (14 years) I loved to have her on my hallway. I knew she would always do her best and take care of the residents. She always stayed busy and went the extra mile. One of a kind CNA. She spoke very highly of her family! She will be missed by many but especially her family. I know she loved Jesus- and she is not sick anymore. One day we will see her again in Heaven!

“ *Barb was a professional; she took her job seriously and put the needs of the residents first. She was honest and trustworthy--- characteristics that are to be admired in a person. We all thought so much of her and our facility will never be the same. We are all better off for working with and knowing Barb.*
