“ *Betty was our treasured precious friend. We visited her several times in Arizona, talked often on the phone and exchanged weekly letters for the past 20 years. She was a beautiful person dearly beloved by us. She often encouraged us. She also often spoke of her children and grandchildren and how she loved all of you. We often received a call or a card that gave us the encouragement we needed just at the right time. We will miss her more than words can say. Our deep sympathy and genuine care to all of you, her family.*
