“ *I loved uncle chuck so much. Whenever he came to visit my home I would get so excited. I remember him being so nice to me. The last time I saw him was in the summer of 2018 or around that time. He told me that he would come up and visit me again someday. I miss him so much.*

“ *me and dad always we up to something fun or maybe a little mischievous. I remember one day after cheer practice he took me to the gas station in Rochester to get a drink and snack for that night when "backstreets back" came on and he started dancing. i got embarrassed so i joined in with him. on the road home he looks at me and says "i got a song for you" i was thinking "oh boy" until the song "when she grows up" - Craig Campbell came on. i was in tears listening to it. I miss my dad so much it hurts. Keep dancing in the sky daddy. one day ill be up there to see you. I love you a bushel and a peck and a great big hug around the neck*

*Hi I'm just saw this and want to send my condolences. I was chucks girlfriend when he was young 16 for 2 yrs. I miss him and Charlie. If there's a way for me to get in touch with Charlie that would be great. Sending love prayers and one day we will be together again. I wish I would have rekindled our relationship years ago when we were talking. I will always love him.*

“ *I can remember hanging out almost every day after school all 4 years of high school. High school ended and we all kind of went out separate ways, but it doesn't mean we don't care as much as we did then. Prayers for you and your family in this time of sorrow. He will be dearly missed.*

“ I am so sorry to hear this. His father Charlie was always nice to me, even helped me with some tire issues years ago, and this must be devastating for him and his grandchildren. I am sending my warmest thoughts and genuine condolences.

“ Chuck was a bright light Mike and I got to meet when Amanda and Rob were married years ago! One of the things I remember most about him that day was his strong will to make sure his big sister had the wedding day she always wanted. If something went wrong, Chuck was coming around the corner with some sort of resolution. Long past the bride and groom leaving, I remember sitting out at the reception with Mike, Amanda's dad and Chuck, just talking about life. Over the years we have seen Chuck here and there, and of course were so happy to see him on his graduation day! So proud of him! Today, I sit here, with profound sadness, for his entire family. My heart aches for all of you as you process Chuck's death, and grieve this loss. I'm praying for all of you! With love, Nicole Weller
