“ So sorry for you loss. We enjoyed seeing them at the Nursing Home when we would come and sing. Enjoyed talking with him as he interviewed us for the paper. I loved seeing how they interacted together. Will miss them when we get to go back to sing.

“ My condolences to Dale & Ollie's family. Dale & Ollie gave me my first job as a teenager working in the White Front Cafe. I have very fond memories of being a waitress there, and will never forget them. Ollie made the best pies and Dale the best cheeseburgers and fried chicken. We were busy on Friday nights serving fried chicken. We lived right beside each other up in the apartments above our businesses and shared a hallway down to the front street. Boy could that hallway tell some stories. To Larry & Frank please know that if there's anything you need, don't hesitate to call. We loved your parents very much. Brenda Tripp

“ *Mason City Area Nursing Home lost a bit of "spark" with the passing of Dale---our library has copies of books and binders he put together on the history and people of Mason City, postings at the nursing station of photos and thanks to the staff, he played videos of Mason City from back in the day for the Activity Department.....such a wealth of information, always had a laugh for the staff and he will be truly missed. Thank you to his family as they were here daily and such a support. We are all better off for knowing Dale and he will be missed.*

“ *My Uncle Dale, I have the best memories of growing up and visiting your home in the country! Sliding down the zip line you built for us kids was so much fun, it was such a blast when the cousins were around. I remember your beagle Bomber. You would tell me to hit you in front of Bomber and your dog just sat there, didn't defend you one bit. But when you pretended to hit me, Bomber would growl at you and in no uncertain terms tell you it's not ok. So much for your best friend supposed to protect you... always made me laugh every time. Was like a comedy but you two had rehearsed! Will miss your stories as you were such a good storyteller. Your love story with Ollie is truly forever. See you later!*

“What can I say ... Ollie was there when Jed and Angela were born. ...first baths, first oatmeal, all the firsts with newborns, etc. ... for a new mother. ... and then continued to help me with sewing and more for both. Dale taught Jed so much in so many ways I can't even begin to list them all. Suffice it to say, they both helped raise these children. And their influence and contribution and love for the entire family was always so apparent.

They were both such hard workers and so dedicated to their community. So talented. So genuine. Even all those years ago it was so clear their contribution to the community of Mason City... and I so remember the community knowing that.

After Frank and I parted ways, they both welcomed my new husband with open arms. They now know how much that meant to both Bill and I.

I know in my heart they are both with Jed and Jerry and so many other loved ones. They all watch over us.

A girlfriend share this with me. It was comforting to me ... I would like to share it.

DEATH IS NOTHING AT ALL

I have only slipped away into the next room. I am I and you are you, and whatever we were to each other, that we still are. Life means all that it ever meant. It is the same that is, ever was, it is absolute unbroken continuity.

Why should I be out of mind because I am out of sight? I am waiting for you for an interval. Somewhere very near, just around the corner, all is well. Nothing is past, nothing is lost. One brief moment and all will be as it was before. How we will laugh at the trouble of parting when we meet again.

God's speed and grace.
