“ Clara and I were very sorry to hear of Dave's passing. He was great friend and neighbor. Clara and I lived next door for 14 yrs. to the cabin where Dave and his family spent much time during the summer. He would take my boys, Kris and Kory, for rides on his riding lawn mower and boat when they were little. They called him Mr. Why Why! One night when I was out of town with my State job, Kory was sick with a temp of over 103 and he came over to our house and assisted Clara in getting his temperature reduced! He was truly a terrific neighbor and great friend!

“ I was saddened to hear of your father's passing. I remember both of your parents fondly -- they were always so fun to be around whenever I came over -- but I always thought of your dad as the "young dad" among all the dads I knew. He was just so active and fun to be around, even when he came in after working on the farm all day. You were lucky to have him and I'm lucky to have known him.

“ *I am so sorry to hear of David's passing. I knew him when I was a kid, back around 1960-61. Bill Smith and I cut corn and weeds out of his beans with David during the summer. What I remember most was that at noon, we would all get in his truck, go back to the house, where his wife had prepared a pretty elaborate meal for us. This happened every day we worked with him. And I do mean with him, he was right along side us. I remember him always smiling and it seemed nothing seemed to upset him. Now that I look back, I bet it cost more for them to feed us than to it did for the work we did. My condolences to the family.*
