“ *Doris was such a sweet lady. We had lots of fun working in the kitchen out at Porta high school. We got or G.E.D.s together. She served the food at my daughter's wedding. She was one of those people, who you are so thankful God put them in your life. A good christian lady. We will all miss her. But I bet she's having a ball in heaven. She knew how to have fun.. My deepest sympathy to Billy and all the family. Sincerely, Diane Carter*

“ It is too hard to do Grandma justice with a tribute on a wall. She cared so much for others... spent her whole life caring for others. The memories are many from making cucumber salad and cleaning the kitchen so we could play a game to her taking me to bingo to the talks we had. Hosting Christmases in July and all the family reunions are cherished memories that would never have happened without Grandma. I can almost hear her humming hymns in the kitchen still. She was a strong woman that I am proud to have as my Grandma. I wish I could be there. I will forever cut my cucumbers the "right" way, cherish the aprons I have from her and love her dearly. I look forward to rejoicing in heaven with her someday!

“ We extend our deepest sympathy to Doris' family. We have all lost a very special person. Known as a great cook, Doris has fed many Menard County school students during her lifetime. She will also be remembered for the delicious meals she provided to the fairgoers at the Menard County 4-H tent. RIP, Doris. Sincerely, Paul and Donna Moore, Vero Beach, Florida.

“ I'm so sorry to read this today. I will always remember your mom as a spunky lunch lady--she knew her job, took it seriously, and did it to the fullest. I do believe the cafeteria at the high school should be renamed for her...there was never a time I was at a function there that she wasn't in the kitchen supervising. My thoughts and prayers are with you today and through the difficult days to come.
