“ Soon after the Pandemic began in February of 2020, a group of 14 of us answered a call from another player in Virginia to join a team to play the online game June’s Journey. We 15 folks were from all over the United States, north to south and east to west.

With the sequestration from the outside world and the resultant loneliness of those Covid days, we all had some time on our hands. And we played this lovely and challenging game and all became fast friends. There were illnesses (some Covid-related), big winter storms, hurricanes, the worries of wildfires and tornadoes, weddings, the birth of babies, and elections. We all supported and comforted each other through those times that were filled with worry but that also had many days of joy. Gary was our friend and cheerleader through it all. He gave us advice from his many life experiences on such things as electrical issues, purchasing generators or appliances, and the best beers. He joked with us and kidded us to make us laugh when we were sad or afraid. We all looked forward to our nightly discussions about the game or about life—and Gary was our constant and stalwart friend, counting us to make sure we were all ‘present’ at our virtual coffee house. We all made it through the Pandemic!

More recently, Gary’s health had taken a bad turn, and we all worried about him every night; he told us that, if things did not go well for him, he would be looking out for us—and we will be counting on him to do that. There will be many, many stories told and memories recalled about Gary in our nightly meetings, and we will often lift a beer to him in Heaven.

We love you, Gary, and will greatly miss having your earthly presence with us. The memories we all have of you are truly blessings. We will be counting on you to watch over us and our families.

“ Gary was a wonderful part of a team of 15 which played June's Journey for over 8 years. He named himself dictator of our team when he was the President of our team for awhile. He loved to joke and banter and everyone just adored him. He will always have a special place my heart. I spoke with Gary several times a week for over 2 years making sure he was okay. His loss is devastating to the team. My sincerest sympathy to the family and friends of Gary. May God bless.
