“ For Over 5 YEARS now you've been gone 😭😭
It doesn't seem that long, But it feels even longer. There's been a few other's who's passed since you, and I even tried sharing their obituaries with you 😞 Roy, your dad, Aunt Mary... R.I.P

Times are passing too quickly and it's really quite scary! Everything seems so different now... and Life is forever changing. I'd be lying if I said that I didn't miss you, because I really do! I think of you often and wish you were still here. My oldest will be starting her last year of high school & my baby will go to kindergarten 😳 It's these bittersweet moments that have me missing you more. I'm pretty sure you'd be just as proud!
After 5 little girls, I finally got my boy. His due date was your death date... Life isn't fair & that's what hurts the most 💔😭

“ This is the 5th father's day since you left. We drove out to see you, but there's nothing to really see. I miss you Mike, and I'm sorry I didn't have more time to show you that. I think of you often. And though my kids have very few memories, I try to talk about the ones we do have because I know that one day those memories will be gone too because Nothing last forever...
I still hope that wherever you are you're looking at us, proud of who I strive to be. I'm trying my best to do what I should even though I haven't figured out what it is I'm supposed to do? I wish you were still here. I really do.💔 I miss you more than you'll ever know

“ Today would have been your 60TH B-Day 😱😞
Today should have been a day of celebration...
Instead I only have thoughts of you on my mind
😞😞😞 So much that I regret...
My biggest regret is never telling you that I
loved you 💔, but that goes both ways. I loved
you more than you'll ever know, & I hope you can see that now.
I hope that wherever you are, you're looking at me smiling & proud
of the person I strive to be. ❤️ I miss you Mike, I really do 😞

“ I am not to sure how to begin this, or how it should even end? I
guess like life.... Nothing is for certain, except death. Your passing
has been hard to deal with. Still is. Every time your name gets
brought up, I sit in silence, and just listen. Mainly because the last
three years of your life, I was in some dark places and been through
rough times. You had to come visit me where no one should have to
see their child. If only I have known that very last time was the last
time I would have saw you, I would of hugged you a little longer. I
would of told you that, "I love you!" I don't think you knew that, but I
do. I am so sorry for everything I have done through out life. I
haven't made you very proud. I am sorry that I couldn't attend your
funeral services. I wanted to so bad... Now I'm out of that place and
I have yet had come to see you. It's going to break me, and I just
know it!! Time hasn't made anything any easier. I miss you. I will
visit you soon. R.I.P old man

“ It only takes a little space
To write how much we miss you,
But it will take the rest of our lives
To forget the day we lost you..
No length of time can take away, My thoughts of you today.
We who love you sadly miss you,
As it dawns another year,
In our lonely hours of thinking,
Thoughts of you are ever near.

“ It has been one of the greatest and most difficult years of my life. I learned everything is temporary. Moments. Feelings. People. Flowers. I learned love is about giving- everything and letting it hurt. I learned vulnerability is always the right choice because it is easy to be cold in a world that makes it so very difficult to remain soft. I learned all things come in twos: life and death, pain and joy, sugar and salt, me and you. It is the balance of the universe. It has been the year of hurting so bad but living so good, making friends out of strangers, making strangers out of friends... We must learn to focus on warm energy, always. Soak our limbs in it and become better lovers of the world, for if we can't learn to be kinder to each other how will we ever learn to be kinder to the most desperate parts of ourselves.

“ Yesterday I said my last and final "GoodBye" as I watched you be lowered into the ground. It shattered my heart into a billion of tiny pieces. My daughters all sat quietly, unsure of what to say or do, They just knew their mommy's heart hurt. They know we'll never get another chance to see grandpa Mike again. & I'm sorry...

Skyla was just asking (on the 17th) about stopping by and seeing you and Grandma Margaret. With Jaxton scheduled to make an appearance that very next day, I told her no. Now I kind of wish we had...

I hope you liked the flowers, as I kept one for me. Skyla wrote you a note and placed it in the bouquet just before I tossed it down. Only you and her knows what it says! You'll never be forgotten, always loved, and truly missed!

Love your one and only Daughter, Tanya & The Flick Girls
