“ *Mike was one heck of an Ag pilot. i remember one of the first years i was the Holzwarth office manager for the Iowa location Ron took me out to the field mike was spraying and it just amazed me how he flew n how crazy it looked he was truly gifted up in that plane. Almost dancing in the sky.... the last couple years i was blessed with having him here flying we sat and really talked for the first time about life and family. i missed seeing him last year and always hoped he would make it back.. he is surely going to be missed around here that's for sure... he always knew how to knock out acres for us and i truly appreciated all he did every year for us... i was lucky to get blessed with his presence over the last 8 years that he was with us here in Iowa for those short periods of time..*

I feel so sorry for his family loosing him so soon and my thoughts and prayers will be with you. he was a great hard working man!!!
