“ I take comfort in knowing we talked about Jesus and life in heaven. You sought his forgiveness and asked Jesus to come into your heart one day when I was with you at the hospital. That is a day I'll never forget. You told me you couldn't wait for us to have time together so I could make you laugh. I'll always remember your beautiful smile, your laugh, your compassion and your love of people. I will see you again. Love you beyond forever.

“ My heart goes out to the family and all the numerous friends she has accumulated through the years. You were one of a kind, I have so many good memories from many years ago, though it feels like yesterday. Many hearts are broken. Tyler, Sidney, and cousin Kris (though you don't know me, she spoke of her love for you all the time!) may the memories you have of her keep you going through this rough time.

“ We have so many memories but our best was jamming on the Tiffany Cassette back and forth from Havana to Quincy when she used to come and pick me up to go stay with her. I miss her dearly and I am so blessed to be able to be with her in her final days. I'm happy she isn't in any more pain or suffering. We will see each other again. Fly high my beautiful Angel. Until we meet again!

“ I remember her when she was a baby and she was a cute little gal and so much fun to be around. She was even more beautiful as an adult and had the warmest heart of any one I know. Will miss you cousin. Love to my Uncle Kenny and her children Tyler and Sidney.
