“ Although we were separated by miles, we were connected in love. I always looked up to my big sister, no matter what. I remember being in 6th grade and was just in awe. I thought she was the "coolest" sister a girl could have. She was 9 years older than me, living her life, but no matter how long it was that we had spoke, she always had words of love for me. I am so thankful that I got the chance to go to the family reunion, to be able to put my arms around her again, as tears of joy flowed from both of us. We are sisters, and this is not the end. I love you sissy, and I will see you again and we will share more hugs and love. Marilyn
