“ *I knew Patty as a wonderful mom first. Warm and welcoming; funny and easy to talk to. She knew how to approach Mike, me and our friends and somehow keep us listening to her. :) She and Darrell were always open to having us over; and laughter was always heard in their home. Motherhood transformed into friendship for me, as Mike and I grew into adults (still questionable as "adults"). Always open for a conversation or a quick hello; I still remember her up dancing the entire night at our last class reunion. She and Darrell have created a wonderful family - it was easy to see how proud she was of her children and their entire families.*
