“ *Patty was an amazing aunt. She genuinely cared for everyone. She always made a point to make me bring the kids out when she visited, she loved with out condition, cared without judgment and gave all of herself to her family without reservation. I wish more people could be like you aunt Patty we will miss you more than words can express*

“ *I worked with Patty in Home Health at Mason District. She was such a caring loving home health aide at that time. Our group had a lot of fun in the office back in the 90's. I also knew her because of her love of horses. Jack and I worked with the family while they were getting the stables going. I remember one day in particular that Patty and I picked blackberries together. We actually made it out of the briars without a scratch! She was a great lady and one that will surely be missed.*
