“ *I just wanted to post a note here in remembrance of Paula. In cleaning out some old documentation on my computer I found some things that we had worked on together and I remembered making light of her penmanship on my dry erase board. She would come to my office and write inspirational notes that would bring a smile when I got there. Its been a while since her passing but she is still missed. Fly high my friend and I'll see you on the other side someday.*

“ *Paula has always been the kind of person people wanna be around. Quick with a smile, a hug when you needed it, an ear to listen, a shoulder to cry on and a hand to hold if you needed it. A true friend that always wanted you to just be the best version of yourself. Even if you didn't see it yourself. Selfless, she took very little and gave so much more then most of us deserved. She will truly be missed for years to come. My heart goes out to all of her family and extended family. My condolences and prayers go out to you all.*
