“ Peggy was one of my Favorite People ever! I worked with her at VIT for several years. Unfortunately, I missed having her sons in school, but know nothing was more important to her than family. When she started at the VIT Elementary her goal was to make whatever was needed to decorate the house they were building or had finished. Once that goal was met, I think she had fallen in love with the children and friends she made there. When she came in our first grade classroom she always had a smile, and went out of her way to do anything to help us. My heartfelt condolences to the family. There is a big void where Peggy once was, and no one will ever be able to take her place. Rest in Peace, Peggy.
