“ *Oh Shelia...what memories we have! Growing up as kids, you, your sister Billie, your uncle Vern, and myself. Remember you guys living in the little house behind us and we had an old coal shed behind us too. Somehow we all got a hold of cigarettes to smoke. Both your grandma & grandpa Garvin & your mom Thelma (Janie) smoked so cigarettes were easy to get too. We all went behind that coal shed lit up and started puffing away. Me I started choking to death, turning green & gagging. Not sure how you guys all did but think this was the reason I didn't smoke.*

R.I.P. girl..know the love of your life, Raymond, welcomed you into the gates of heaven along with all the other family & friends that went before you. Glad you are out of pain and happy now that you are in Raymond's world. God has another angel to tend to His garden and make sure your spirit is with us everyday. Love you and will miss you until we meet again. Aunt Patty

“ *She was always there, from the moment my life started. She was one of my biggest supporters didn't matter if I failed a test at school or had a great game she was supportive. I learned a lot about my family in the last two years from asking her questions and listening to her talk about how everything started for her and my grandfather. The older I have gotten I realized how much I was like her and I believe that was a big part in why we got along so well. Is and will always be missed!*
