“ *It has been way to long since I have seen family on my dad's side. I am so sorry to all of the family. Trisha taught me how to do algebra when I was maybe 7 years old. She would watch my brother and me when we were kids and I returned the favor and sometimes would watch Mackenzie when I got older. That was so long ago. My condolences for her entire family.*

“ Trish had been my friend for so many years. I like to remember when we were little and Toby stayed with J.R. , and I with Trish. Peggy made us all supper and we had her laughing so hard she snorted I think even Max smiled at us all. I remember Trisha having a cabbage patch doll and she and I loved that thing and just laughed bc it had a name on its butt! Peggy got Trisha and I to be candy stripers at MDH! We thought filling water pitchers was a very important job!
