“ To my very best friend, Holly. I am truly heartbroken for you and your family. Your Grandma really thought the world of you. She loved you kids so much. I will miss her, knowing that she was always praying for me and thinking of me. She would smile whenever I saw her. She always made me feel welcome like I was her own granddaughter. I'm thankful that you followed her wishes and assisted her with care and love for so many years; you have helped her since we were little kids. She was a very proud grandma, rightfully so. I'm so happy that Gavin had so many years with her. It's not too often that a child gets so many years with their great-grandparent. I do know that when she left the Earth on Monday, she was so free and so healthy. She walked through the gates of Heaven, with so much pride and happiness. There's no question where she's at watching down on your mom, your Aunt, Mikey, You, Chad, Gavin & Kyleigh. I love you lots and I am grateful that not only did you have her your entire life, she was in a majority of my life, too. Holly, you truly helped her live the life that she wanted to live, and I am grateful for you for doing that for her. She's so peaceful, breathing fresh air and seeing everything so clearly now. Thank you Grandma Brest for loving me like I was your own..
