“ I'll never forget you mom thank you for everything you have done for us kiddos. I'll never forget our long conversation and random talks at 2am and making food just cause we were bored. I'll cherish all the memories we have and I'll never forget about you. Yesterday was really hard seeing you lay like that but I know you are in a better place singing song and spending as much time with your mom,dad,and Daniel. Don't ever think up there about how you let us down by leaving us. you took care of us kids until couldn't anymore now it's Daniel turn with you and dad til we get there and we all can make memories together and you can tells us about everything when we get there. Remember this isn't goodbye this is see you later mom. I love you ❤️
